PARENT JA Final Event

"Patient Registries in a Digital Europe"

22nd and 23rd October 2015

Valencia, Spain

The PARENT Joint Action (Patient Registries Initiative) will present its results in a final event that will be held, at the Higher Centre for Public Health Research of Valencia, Spain, on the 22nd and 23rd of October.

The emphasis of the meeting will be placed on the role of patient registries in public health planning and research.

The deliverables produced by the PARENT Joint Action will be presented during the event, and an overview of future development in the field of patient registries will be discussed with the participation of prominent European Experts.

Among the attendees, we will count on Representatives of the European Commission and from different European Member States, all the partners of the Joint Action, and a number of representatives of key stakeholder institutions related to the PARENT JA area of research.

[See agenda](#)

Guests will attend on-site only by personal invitation from the PARENT JA secretary, however, you can attend also from your personal computer, as it will be broadcast live via video streaming.
